HELP YOUR CHILDREN BUILD THEIR FINANCIAL FUTURE

‘Her Family’ is a free program for single mothers with children ages 6-17.

Mothers receive a \$125 contribution to a savings account and a \$10 grocery card. Children receive \$65 for their savings account after completing the program.

- Join our financial empowerment class to start building a strong financial foundation.
- You’ll work with a financial coach to establish and meet goals for you and your family, such as:
 - Lowering your debt
 - Increasing your savings
 - Avoiding harmful lending practices
- Your children will learn financial skills with their peers. Girl Scouts and Take Charge America lead the kids’ classes.

You taught them to eat fruits and vegetables. You taught them an allowance has to be earned. You taught them that good grades count. Now, here’s a chance to teach your children how to be financially independent.
